

Summer 2: Learning in Year 6

English

In English, we will be writing biographies and looking into the works of William Shakespeare.

We will also be reading 'Wonder' as our class novel and completing some comprehension and written work around this.

Supporting your child with their learning

- Practise timetables with inverse calculations too
- Get your child to read every night – this really does help
- Provide a quiet space to complete homework and help where you can
- Maths related – help your child tell the time.

Science

Electricity

In science, we will start to look into different types of circuits, why we have them and look into the scientific diagrams for circuits then drawing them.

We will also be researching into key scientists whose discoveries have been instrumental in how we use electricity today.

Our investigation will tell us if the wires used in a circuit make a difference to the brightness of a bulb.

What we are reading this half term:

- Street Child – Berlie Doherty
- Wonder – R.J. Palacio
- Introducing Teddy – Jessica Walton
- Selection of Biographies
- Selection of William Shakespeare

History and Geography

We will have History as our focus with our topic being The Victorians. We will have a particular focus on the Industrial Revolution and Children's rights. We will also explore this era by looking at the seaside holiday and how this became a popular thing to do.

Maths

We have started working on Yr 7 lessons and we will be moving on to looking at BODMAS and algebra in more detail and looking at drawing our own pie charts,

Computing

Through Purple Mash we will be catching up on missed units like, Blogging and quizzing. This will see us learn about how to present our work on different programmes and sharing them

Art and DT

This half term we will finish our landscape unit and then move on to looking in to the works of William Morris and how he used nature and symmetry. This will lead us to be working outside and completing work with clay!

P.E

We will be doing orienteering and learning how to play Rounders! We will also be getting out in the woods for some fun and relaxation!

German

We are learning about: healthy eating, going to the market and then learn some clothes
With each one we will learn to speak, read and write simple phrases.

PSHE

Year 6 will be looking at the importance of having a 'Healthy Mind.'
We will also be completing work on our transition to High School and look forward to meeting new faces and the induction days.
In addition, we have talks from the fire services planned in to help us be safe when out and about.

Music

Through Charanga we will be completing the units on 'Music and Me' then on to 'Reflect, Rewind and Replay.'

Educational / Enrichment Visits

Year 6 are off to Blackpool Zoo for a trip.
We will also be having a careers visitor from Ash at Lancaster and Morecambe College.
We are also going to St. John's Hospice to have talks with Rachel about grief.

R.E

Healing

Year 6 will be able to know and understand when people become sick and need care and the Sacrament of the Anointing of the Sick.
We will have Father John-Paul in to explain how he cares for the sick and Rachel from the hospice will deliver a talk on the work that take place at St. John's for the sick and their families.
